

WEST DAKOTA

DIESEL AND HYDRAULICS

Are you ready to elevate your career? At West Dakota Diesel and Hydraulics, we're on the lookout for Service Technicians to join our growing team. We're not just another employer; we're a dynamic, forward-thinking business born out of collaboration with KEM Electric Cooperative, Mor-Gran-Sou Electric Cooperative, Roughrider Electric Cooperative, and Slope Electric Cooperative.

Why Choose West Dakota Diesel and Hydraulics? Our commitment to our employees is robust, just like our dedication to serving our valued partners. We believe in a supportive work environment that not only allows you to thrive professionally but also ensures a healthy work-life balance. Here's what you can expect:

- **Competitive Compensation:** We value hard work and believe it deserves recognition and reward.
- **Comprehensive Benefits Package:** Your well-being is a priority. We've got you covered, so you can focus on your career.
- **Ideal Work-Life Balance:** We understand that time is valuable, and we're committed to maintaining that balance.

Key Responsibilities: As a Service Technician at West Dakota Diesel and Hydraulics, you will have the opportunity to service a wide variety of utility equipment, both diesel and gas-powered. You'll get to work with electrical and hydraulic systems, troubleshooting issues, and using diagnostic scanning tools to resolve equipment problems.

Qualifications: We're looking for someone with the right blend of experience and skills:

- Experience in reading electrical and hydraulic schematics.
- Troubleshooting electrical and hydraulic systems.
- An associate degree in automotive technology or three (3) years of experience in the auto or diesel mechanic field.
- A valid CDL, or the ability to obtain one within 90 days of employment.
